EXPERIENCE

FREELANCE - ARTIST/ANIMATOR

ATLANTA METROPOLITAN AREA

2016 - PRESENT

My duties as a freelance artist varies depending on the project. However, I have overseen several project timelines, and have coordinated between multiple animators and illustrators. I have also created storyboards using the various programs in the Toon Boom and Adobe Creative Suites. This job has helped improve my teamwork and my time-management skills, as well as working with clients.
