

# MOELLE DURHAM

2024

RESUME

## EXPERIENCE

### *Bunker Design Collaborative - Canton, GA*

January 2019-PRESENT

I currently a graphic design intern with a design firm located downtown Canton. This includes branding, logo creation, annual report design, menu design, and package design. It's a wonderful firm/workplace and I gained a lot of experience. I have been with them for 4 years now.

### *Natures Corner Market - Woodstock, GA*

May 2023-PRESENT

While there I have cooked, baked, made smoothies and coffees, and most of all interacted with all our customers. I have done some of their chalkboard signs and do all the things associated with opening and closing a kitchen/cafe.

### *Mt. Rainier National Park - Paradise, WA*

May 31-July 18 2022

The Summer of 2022 I worked seasonally as housekeeper at Paradise Inn, Washington. It was a really fun experience where employees could work weekly, but hike the trails and explore the area on the weekends. My job consisted of cleaning and washing the hotel/lodge rooms, organizing the many closets, and interacting with the guests we had.

### *The Social Foundry - Kyneton, AUS*

December 2018

I had to amazing opportunity to go to Kyneton, VIC, Australia for a month and volunteer as an intern at the Social Foundry- a non-profit coffee shop organization focused on giving disadvantaged people work experience. I was an intern there for 2 weeks, bussing tables and taking orders. I myself gained a lot of work experience and was able to learn how to work efficiently under pressure.

## EDUCATION \*

Kennesaw State University,  
Kennesaw, GA  
Graphic Communications  
August 2020 - Present

## GRAPHIC DESIGNER / ILLUSTRATOR

Some things about me: Beyond art, I love the outdoors- hammocking, running, hiking- anything really. I love reading books. And I think bubbles are one of man's greatest creations.
