Hosted by Dr. Mark B. Mitchell

A Welcome From the Department Chair

Welcome to the 2020-2021 Chemistry and Biochemistry Awards Day Ceremony!

The students who receive awards during this ceremony have been judged by the faculty of the Department to represent the finest of the many outstanding Chemistry and Biochemistry students.

Many of the awardees are seniors who will graduate and go on to graduate school, professional school, or some other scientific endeavor. Other awardees, from freshmen to graduate students, have distinguished themselves in a course or in some other aspect of Departmental performance so as to be recognized as among the best of the students in our programs.

All of the students who are presented here today are truly worthy of recognition. We thank you for attending this ceremony, and ask you to join us as we congratulate these remarkable students on their achievements.
