*2023*

*Awards Day*

**April 27, 2023**

*Hosted by Dr. Chris Dockery*

*A Welcome from the Department Chair*

Welcome to the 2022-2023 Chemistry and Biochemistry Awards Day Ceremony!

The students who receive awards during this ceremony have been judged by the faculty of the Department to represent the finest of the many outstanding Chemistry and Biochemistry students.

Many of the awardees are seniors who will graduate and go on to graduate school, professional school, or some other scientific endeavor. Other awardees, from freshmen to graduate students, have distinguished themselves in a course or in some other aspect of Departmental performance so as to be recognized as among the best of the students in our programs.

All of the students who are presented here today are truly worthy of recognition. We thank you for attending this ceremony, and ask you to join us as we congratulate these remarkable students on their achievements.

The screenshot shows the Facebook profile page for the Department of Chemistry and Biochemistry at Kennesaw State University. At the top is a cover photo of a modern university building with a large arched window, surrounded by green trees and a lawn. Below the cover photo is the profile picture, which is the Kennesaw State University logo (a stylized 'KS' in a circle). The page name is "Department of Chemistry and Biochemistry at Kennesaw State University" with 538 likes and 394 followers. Navigation tabs for Posts, About, Photos, and Videos are visible. The main content area shows a post from the department with the following details:
