College:	Clarice C. and Leland H. Bagwell College of Education
Department:	Inclusive education – Graduate
Program:	Autism Spectrum Disorder Endorsement, Certificate

Program Student Learning Outcomes

Upon completion of this degree from KSU, students will be able to:

1. Implement evidence-based teaching strategies to support students with autism in inclusive settings.
2. Demonstrate knowledge about the characteristics of students with autism, assessment for learners with autism, and behavior intervention support.
3. Apply effective communication skills to collaborate with multiple stakeholders, including family and school professionals.
