Religious freedom is a core value for the people of Oman. Islam, Christianity, Hinduism, and Buddhism are all practiced openly in the country. This exhibit features 24 displays with graphics and text describing religious practices in Oman. Visitors to the exhibit will come away with a new understanding of what life is like in modern Oman.

“Tolerance, Understanding, Coexistence: Oman’s Message of Islam” comes to Kennesaw State thanks to the efforts of the Ministry of Endowments and Religious Affairs of the Sultanate of Oman. The exhibit has already appeared in several countries, including Brazil, Germany, Japan and Spain.
