## More About Absences

- ✓ Submitted absence requests are routed to your time approver; both you and the approver will receive an email notification when timesheets are submitted and approved.
- ✓ All absence requests should be submitted prior to timesheet submissions.
- ✓ You can request absences for future timesheets if you know you will be out.
- ✓ All Absence Balances will indicate "0.00" until your first pay period is processed.

## Submit Your Elapsed Timesheet

Non-exempt employees, part-time faculty, graduate assistants and coaches are required to record and submit all hours worked through a timesheet in OneUSG Connect.

Using the Elapsed Timesheet, enter total number of hours worked each day.

- 1 From **Employee Self Service**, click **Time and Absence**.
- 2 Click **Weekly Timesheet**.
- 3 The current timesheet period should open. Paid holidays and any absences requested should already be reflected in the timesheet.

- 5 Click the **Time Reporting Code** dropdown and select the appropriate entry. This is usually **"00REG – Regular."**  
  
If you need to enter different types of time entries for one day, add an additional row. You cannot add any leave or absences directly to the timesheet.
- 6 Click **Submit**.
- 7 **Confirm** you entered all absence requests for the month. If you haven't, cancel and enter your absence requests. If you have, click **OK**.
