INDEPENDENT AUDITOR'S REPORT

**To the Audit Committee of the Board of Directors
Southern Polytechnic Applied Research Corporation
Marietta, Georgia**

We have audited the accompanying statement of net assets of **Southern Polytechnic Applied Research Corporation** (the "Research Corporation"), a discretely presented component unit of Southern Polytechnic State University, as of June 30, 2012 and the related statements of activities and cash flows for the year then ended. These financial statements are the responsibility of the management of the Research Corporation. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Research Corporation as of June 30, 2012, and the respective changes in its financial position, and its cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated September 26, 2012 on our consideration the Research Corporation's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3 through 5 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operation, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards is presented for the purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the financial statements as a whole.

SOUTHERN POLYTECHNIC APPLIED RESEARCH CORPORATION MANAGEMENT'S DISCUSSION AND ANALYSIS

Introduction

The Southern Polytechnic Applied Research Corporation ("SPARC") was incorporated under the laws of the State of Georgia as a nonprofit corporation on May 11, 2011. SPARC qualifies as a tax exempt Corporation under Section 501(c)(3) of the Internal Revenue Code. Fiscal activities of SPARC began on July 1, 2011.

SPARC operates as a cooperative organization of Southern Polytechnic State University ("SPSU") under a Memorandum of Understanding with the Board of Regents in the State of Georgia.

SPARC is organized to fulfill broad scientific, literary, educational, and charitable purposes and operates to enhance the mission of SPSU of teaching, applied research, and public service.

SPARC contributes to the applied research function of SPSU by securing research contracts, grants, and awards from individuals, institutions, private organizations, and government agencies for the performance of applied research. SPARC administers grants and contracts to assure compliance with SPSU, State, and Federal requirements as well as the terms of the specific grant or contract. SPARC also identifies, protects and manages intellectual property for SPSU that may arise as a result of work done under grants or contracts.

Description of the Financial Statements

The statement of net assets, statement of revenues, expenses, and changes in net assets, and the statement of cash flows are designed to provide information which will assist in understanding the financial condition and performance of SPARC. SPARC's net assets are one indicator of SPARC's financial health. Over time, increases or decreases in net assets are one indicator of the changes in SPARC's financial condition when considered with other non-financial facts.

The Statement of Net Assets presents the assets, liabilities, and net assets of SPARC.

The Statement of Revenues, Expenses, and Changes in Net Assets presents the revenues earned and the expenses incurred during the year. Activities are reported as either operating or non-operating.

The Statement of Cash Flows presents information in the form of cash inflows and outflows summarized by operations.

Condensed financial statements are presented for the year ended June 30, 2012, the first year of activities of SPARC. In the following discussion, Fiscal 2012 refers to the year ended June 30, 2012.

MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

Financial Highlights

Assets:	
Current Assets	\$ 601,388
Total Assets	<u>\$ 601,388</u>
Liabilities:	
Current Liabilities	\$ 340,048
Total Liabilities	<u>\$ 340,048</u>
Net Assets:	
Unrestricted Net Assets	\$ 261,340
Total Net Assets	<u>\$ 261,340</u>
Total Liabilities and Net Assets	<u>\$ 601,388</u>

Current assets consist of monies held at SunTrust bank, petty cash, current accounts receivable, and prepaid expenses.

Liabilities consist of accounts payable that are largely composed of monies due to the University for subaward dollars not yet invoiced but currently due. Liabilities also include deferred revenue: income received in fiscal year 2012 but not recognizable until fiscal year 2013 in the form of prepaid continuing education course registrations.

Net assets represent the change in net assets plus the prior year net assets.

As this is SPARC's first year of operations there is no prior year comparison available.

The condensed statement of revenues, expenses and changes in net assets is shown below:

Operating revenues:	
Sales and service	\$ 156,031
Grants & contracts	658,107
Contributions	100
Total Operating Revenues	<u>\$ 814,238</u>
Operating expenses:	
Subawards to University	\$ 325,433
Payments to and on behalf of SPSU	191,682
Management and administration	35,783
Total Operating Expenses	<u>\$ 552,898</u>
Increase in net assets	\$ 261,340
Net assets beginning of year	_____ -
Net assets end of year	<u>\$ 261,340</u>

Operating revenues consist primarily of sponsored research and sales and service (Continuing Education Center). At this time SPARC does not have any investment assets or intellectual property holdings.

MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

Operating expenses primarily are subawards to the University, professional services (\$25,031), consultants (\$44,278), administration expenses (postage, insurance, IT, dues and subscriptions) and other expenses.

The condensed statement of cash flows is shown below:

Net cash provided by operating activities	\$ 416,559
Cash, Beginning of year	_____ -
Cash, End of year	<u>\$ 416,559</u>

Economic Outlook

Due to the slow economic recovery in the state of Georgia, the University is expecting budget cuts to continue in fiscal 2013. Therefore, SPARC's financial support of the University's research mission will continue to be a primary focus. Through financial planning and budgeting, SPARC will be able to continue its support of existing and new research initiatives and the Continuing Education Center through its unrestricted net assets.

Questions concerning this report or requests for additional information should be directed to Ruston Hunt, Chief Operating Officer, SPARC, at (678) 915-7338 or at Building J – Room 377, 1100 South Marietta Parkway, Marietta, GA 30060

SOUTHERN POLYTECHNIC APPLIED RESEARCH CORPORATION

NOTES TO FINANCIAL STATEMENTS

NOTE 1. NATURE OF ACTIVITIES

Southern Polytechnic Applied Research Corporation (the "Research Corporation") was established in 2011 to contribute to the educational, research, and service functions of Southern Polytechnic State University (the "University") in securing gifts, contributions, and grants from individuals, private organizations, and public agencies and in obtaining contracts with such individuals or entities for the performance of sponsored research, development, education, or other programs by the various colleges, schools, departments, or other units of the University.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The Research Corporation's financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board ("GASB").

The GASB has issued Statement No. 35, "Basic Financial Statements - and Management's Discussion and Analysis - for Public Colleges and Universities" and Statement No. 38, "Certain Financial Statement Note Disclosures." The financial statement presentation required by these statements provides a comprehensive, entity-wide perspective of the Research Corporation's assets, liabilities, net assets, revenues, expenses, changes in net assets, and cash flows and replaces the fund-group perspective previously required. In addition, these statements require the Research Corporation to present a Management's Discussion and Analysis ("MD&A"). The MD&A is considered to be required supplemental information and precedes the financial statements.

Reporting Entity

The Research Corporation has been defined in accordance with GASB Statement 14 "The Financial Reporting Entity" as amended by GASB Statement No. 39, "Determining Whether Certain Organizations Are Component Unites." The Research Corporation qualifies for treatment as a component unit of the University; therefore, the Research Corporation's financial statements are included in the University's combined financial statements as a discretely presented component unit.

Basis of Accounting

For financial reporting purposes, the Research Corporation is considered a special-purpose government entity engaged only in business-type activities. Accordingly, the Research Corporation's financial statements have been presented using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred.

In accordance with GASB Statement No. 20, "Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities That Use Proprietary Fund Accounting", the Research Corporation is required to follow all applicable GASB pronouncements. The Research Corporation has elected to apply the provisions of all relevant pronouncements of the Financial Accounting Standards Board ("FASB"), including those issued after November 30, 1989, that do not conflict with or contradict GASB pronouncements.

NOTES TO FINANCIAL STATEMENTS

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Net Assets

The Research Corporation's net assets are comprised entirely of unrestricted net assets. Unrestricted net assets are not subject to donor or other stipulations imposed by outside sources.

Revenue Recognition

Revenue from sponsored research is recognized as expenditures are made for approved research activities. A sponsored research receivable is recorded for amounts expended for authorized purposes but not yet reimbursed by research sponsors. The Research Corporation has not established any allowances for uncollectible accounts, because all amounts are considered collectible.

Income Taxes

The Research Corporation is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code (the "Code"), whereby only unrelated business income, as defined by Section 512(a)(1) of the Code, is subject to federal income tax. In addition, the Research Corporation is not classified as a private foundation based on a determination received from the Internal Revenue Service. The Research Corporation has evaluated the effect of generally accepted accounting principles on Accounting for Uncertainty in Income Taxes. Management believes that the Research Corporation continues to satisfy the requirements of a tax-exempt organization at June 30, 2012. Management has evaluated all other tax positions that could have a significant effect on the financial statements and determined the Research Corporation had no uncertain income tax positions at June 30, 2012.

Concentrations of Credit Risk

The Research Corporation maintains cash balances at a financial institution located in Atlanta, Georgia. Accounts at the financial institution are insured by the Federal Deposit Insurance Corporation for up to \$250,000. The Organization does not have any uninsured cash or investment balances at June 30, 2012.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 3. FACILITIES AND ADMINISTRATIVE COST REVENUE

The Research Corporation receives reimbursement from research sponsors for facilities and administrative ("F&A") costs incurred. Of the total received, 80% is held for the University for reimbursement of F&A costs incurred by the University.

NOTES TO FINANCIAL STATEMENTS

NOTE 4. SUMMARY OF SPONSORED RESEARCH ACTIVITY

The activity for sponsored research awarded to the Research Corporation is summarized for the year ended June 30, 2012 as follows:

Sponsored research awarded but not recognized - beginning of year	\$ -
Sponsored research awarded during the year (including facilities and administrative cost reimbursements)	2,960,881
Sponsored research recognized during the year (including facilities and administrative cost reimbursements)	<u>(658,107)</u>
Sponsored research awarded but not recognized – end of year	<u>\$ 2,302,774</u>

The total number of sponsored research awards was ten for the year ended June 30, 2012. The \$658,107 of sponsored research recognized during the year is included in federal grant revenue, state grant revenue, gifts in kind, contractual private, and partially in other revenues on the Statement of Activities.

NOTE 5. RELATED PARTY TRANSACTIONS

As of June 30, 2012, the Research Corporation owes the University \$327,015, related to compensation paid up front by the University for research projects. Additionally, \$191,682 in payments were made to and on behalf of the University during 2012.

NOTE 6. SIGNIFICANT FUNDING SOURCES

The Research Corporation had total revenues of \$814,238 during the year 2012. Of the total received, \$304,581 is federal grant revenue and \$345,035 is contractual private revenue. \$285,944 of contractual private revenue was from ELS Educational Services.

NOTE 7. SUBSEQUENT EVENTS

The Research Corporation has evaluated events occurring through September 26, 2012, the date on which the financial statements were available to be issued, and no additional disclosures are necessary.

SOUTHERN POLYTECHNIC APPLIED RESEARCH CORPORATION
NOTE TO SCHEDULE OF EXPENDITURES OF
FEDERAL AWARDS
FOR THE YEAR ENDED JUNE 30, 2012

NOTE 1. BASIS OF PRESENTATION

The schedule of expenditures of federal awards is presented on the accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON
AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

**To the Audit Committee of the Board of Directors
Southern Polytechnic Applied Research Corporation
Marietta, Georgia**

We have audited the financial statements of Southern Polytechnic Applied Research Corporation (the “Research Corporation”), a discretely presented component unit of Southern Polytechnic State University, as of and for the year ended June 30, 2012, and have issued our report thereon dated September 26, 2012. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

Management of the Research Corporation is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered the Research Corporation’s internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Research Corporation’s internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Research Corporation’s internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Research Corporation's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the Audit Committee of the Board of Directors, management, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Mauldin & Jenkins, LLC

Atlanta, Georgia
September 26, 2012

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH
REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL EFFECT
ON EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER
COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133**

**To the Audit Committee of the Board of Directors
Southern Polytechnic Applied Research Corporation
Marietta, Georgia**

Compliance

We have audited Southern Polytechnic Applied Research Corporation's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of Southern Polytechnic Applied Research Corporation's major federal programs for the year ended June 30, 2012. Southern Polytechnic Applied Research Corporation's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of Southern Polytechnic Applied Research Corporation's management. Our responsibility is to express an opinion on Southern Polytechnic Applied Research Corporation's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Southern Polytechnic Applied Research Corporation's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of Southern Polytechnic Applied Research Corporation's compliance with those requirements.

In our opinion, Southern Polytechnic Applied Research Corporation complied, in all material respects, with the requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2012.

Internal Control Over Compliance

Management of Southern Polytechnic Applied Research Corporation is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered Southern Polytechnic Applied Research Corporation's internal control over compliance with requirements that could have a direct and material effect on a major federal program to determine the auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Southern Polytechnic Applied Research Corporation's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of the Audit Committee of the Board of Directors, management, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than those specified parties.
