1. Analytics and Data Science Organization: Jitendra Sai Kota

ADSO is planning to host a scavenger hunt that would cover the Kennesaw Campus. Students would be given data science-themed clues which they will use to identify locations on the campus or on the KSU website. Emphasis will be given to helping students identify locations or web pages which are important for them to be aware of (i.e the student tech help desk, CARE services, etc.) Students will photograph their team outside each location they correctly identify using the clues, or in the case of virtual, webpage locations obtain a piece of information from the KSU website. Students will regroup and share photos, and prizes will be awarded to the top 3 teams.
